

## Why Choose Us?

### Accessibility to All

Our non-profit, federally qualified health center status means we can take Medicaid, offer sliding-fee scale discounts and provide other support so you and your family get care, no matter what.

### Support You Can Trust

Most patients come via word of mouth or referral and trust us for continued care. From language interpretation to free insurance enrollment and other services, we're here to help at every step.

### Providers Who Care

Our providers and staff join our locally-focused teams because they are passionate about making a difference for you and caring for our communities.
